

# WORKING GROUP PROCESS

## Working Groups

DeIDOT has appointed three diverse Working Groups of state, county and municipal officials, business, civic, environmental, community, farm and emergency services leaders for each of the study areas. These groups will provide suggestions, review alternatives, build consensus and make recommendations regarding transportation improvements needed along the US 113 Corridor to meet existing needs as well as those that will arise over the next 20 years.

## Working Groups - Activities to Date

- Briefed on/discussed results of Listening Tour
- Reviewed, commented on, concurred in Draft Vision and Goals and Objectives
- Briefed/provided input on Natural Environmental and Cultural Resources in each Study Area
- Briefed/provided input on Improvement Strategies and Concepts along existing US 113 ("On-Alignment" Options and potential corridors not along existing US 113 ("Off Alignment/Options")
- Conducted Field Tour to review "On-Alignment" Options
